

## 94.7 CHRISTMAS WISH WEDDING AT AVIANTO

The story is simple and whimsical and for those who have visited Avianto, they will have experienced the magic. Avianto is more than just a wedding venue - it is a Village made in Heaven. Going way beyond just listening to the dreams of clients, Avianto makes them a reality. Allow us to share a glimpse of this enchantment with you - a dream come true for Amanda and Jacques on the 19th March 2009!

The RAW Christmas Wish 2008 radio show introduced Avianto to Jacques who, diagnosed with cancer, made a conscious decision to fight the disease after meeting his soul mate and love of his life, Amanda. Their life consisted of chemotherapy, countless injections, endless trips to the hospital and never ending hospital and medical bills. Jacques started losing his hair but never his zest for life. Amanda was his rock, his nurse, his support system and his chauffeur. Together they stood firm and wished for a Fairytale Wedding. The wish and the dream keeping them strong ...

On the 19th November they received a call from Jeremy Mansfield and like a Fairy-God-Father with a magical wand, their dream wedding with all the bells and whistles had been sponsored, just like that!

Trevor D'Oliveira; owner of Avianto had the pleasure of telling the couple that they were to have their dream wedding at Avianto. And so another fairytale comes to life at the Village made in Heaven. Jacques is currently in remission and doing well!
